CNU Florida Statewide Meeting

Winter Park, FL - Kendell Keith, Executive Vice President for Planning Design Group will be facilitating a round-table salon discussion at the upcoming Congress for the New Urbanism (CNU) Florida's 4th annual Statewide Meeting. The theme, *Global Climate Change: Florida Solutions*, brings home CNU National's message "New Urbanism is the convenient solution to the inconvenient truth." The meeting provides a unique opportunity to discuss pressing issues of regional and statewide concern, learn about the latest practices, and network with your peers across the state

Based on his work with Orange County in considering the Economic Return on New Urbanism, Kendell will be facilitating a salon discussion that further examines the fiscal challenges in designing and developing high density, mixed-use development. The fourth annual CNU Florida Statewide Meeting will be held at Rollins College in downtown Winter Park on the 24 - 25 of January 2008.
